About Us

Speedigo Engineering & Technology

Our state-of-the-art manufacturing facility is located at Sodepur, North of Kolkata, West Bengal at a distance of 700m from the new Kalyani Highway. Recent efforts and market trends have made us to improve infrastructure and automation in the factory, making us capable of producing around 500 vehicles a year at full capacity with scope for more expansion.

We have a robust in-house R&D facilities and our focus is on design and development of durable yet affordable range of battery operated golf carts, utility golf carts, pallet trucks, e-carts & vintage buggy with a vision to bring this technology and its benefits within the reach of several golf courses, factories, hotels & resorts, warehouses, shopping malls, airports, railway stations, farm houses, medical & educational campus, tourism places & such other in-campus outlets. Manufacturing locally gives us the cost-benefit and technological advantage, with green revolution in mind of making EVs the automotive future.

Industries We Serve

Gone are the days when a golf cart was purely restricted to its use in golf courses. The market for our products have moved beyond the 18th hole. Below are some of the many possible areas where golf carts are utilized.

Factories

Townships

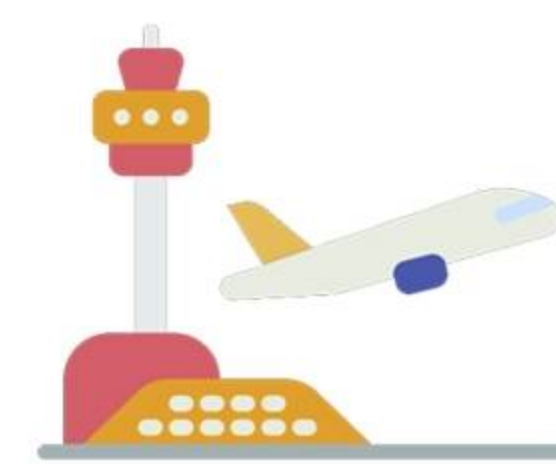

Dockyards

Resorts

Theme Parks

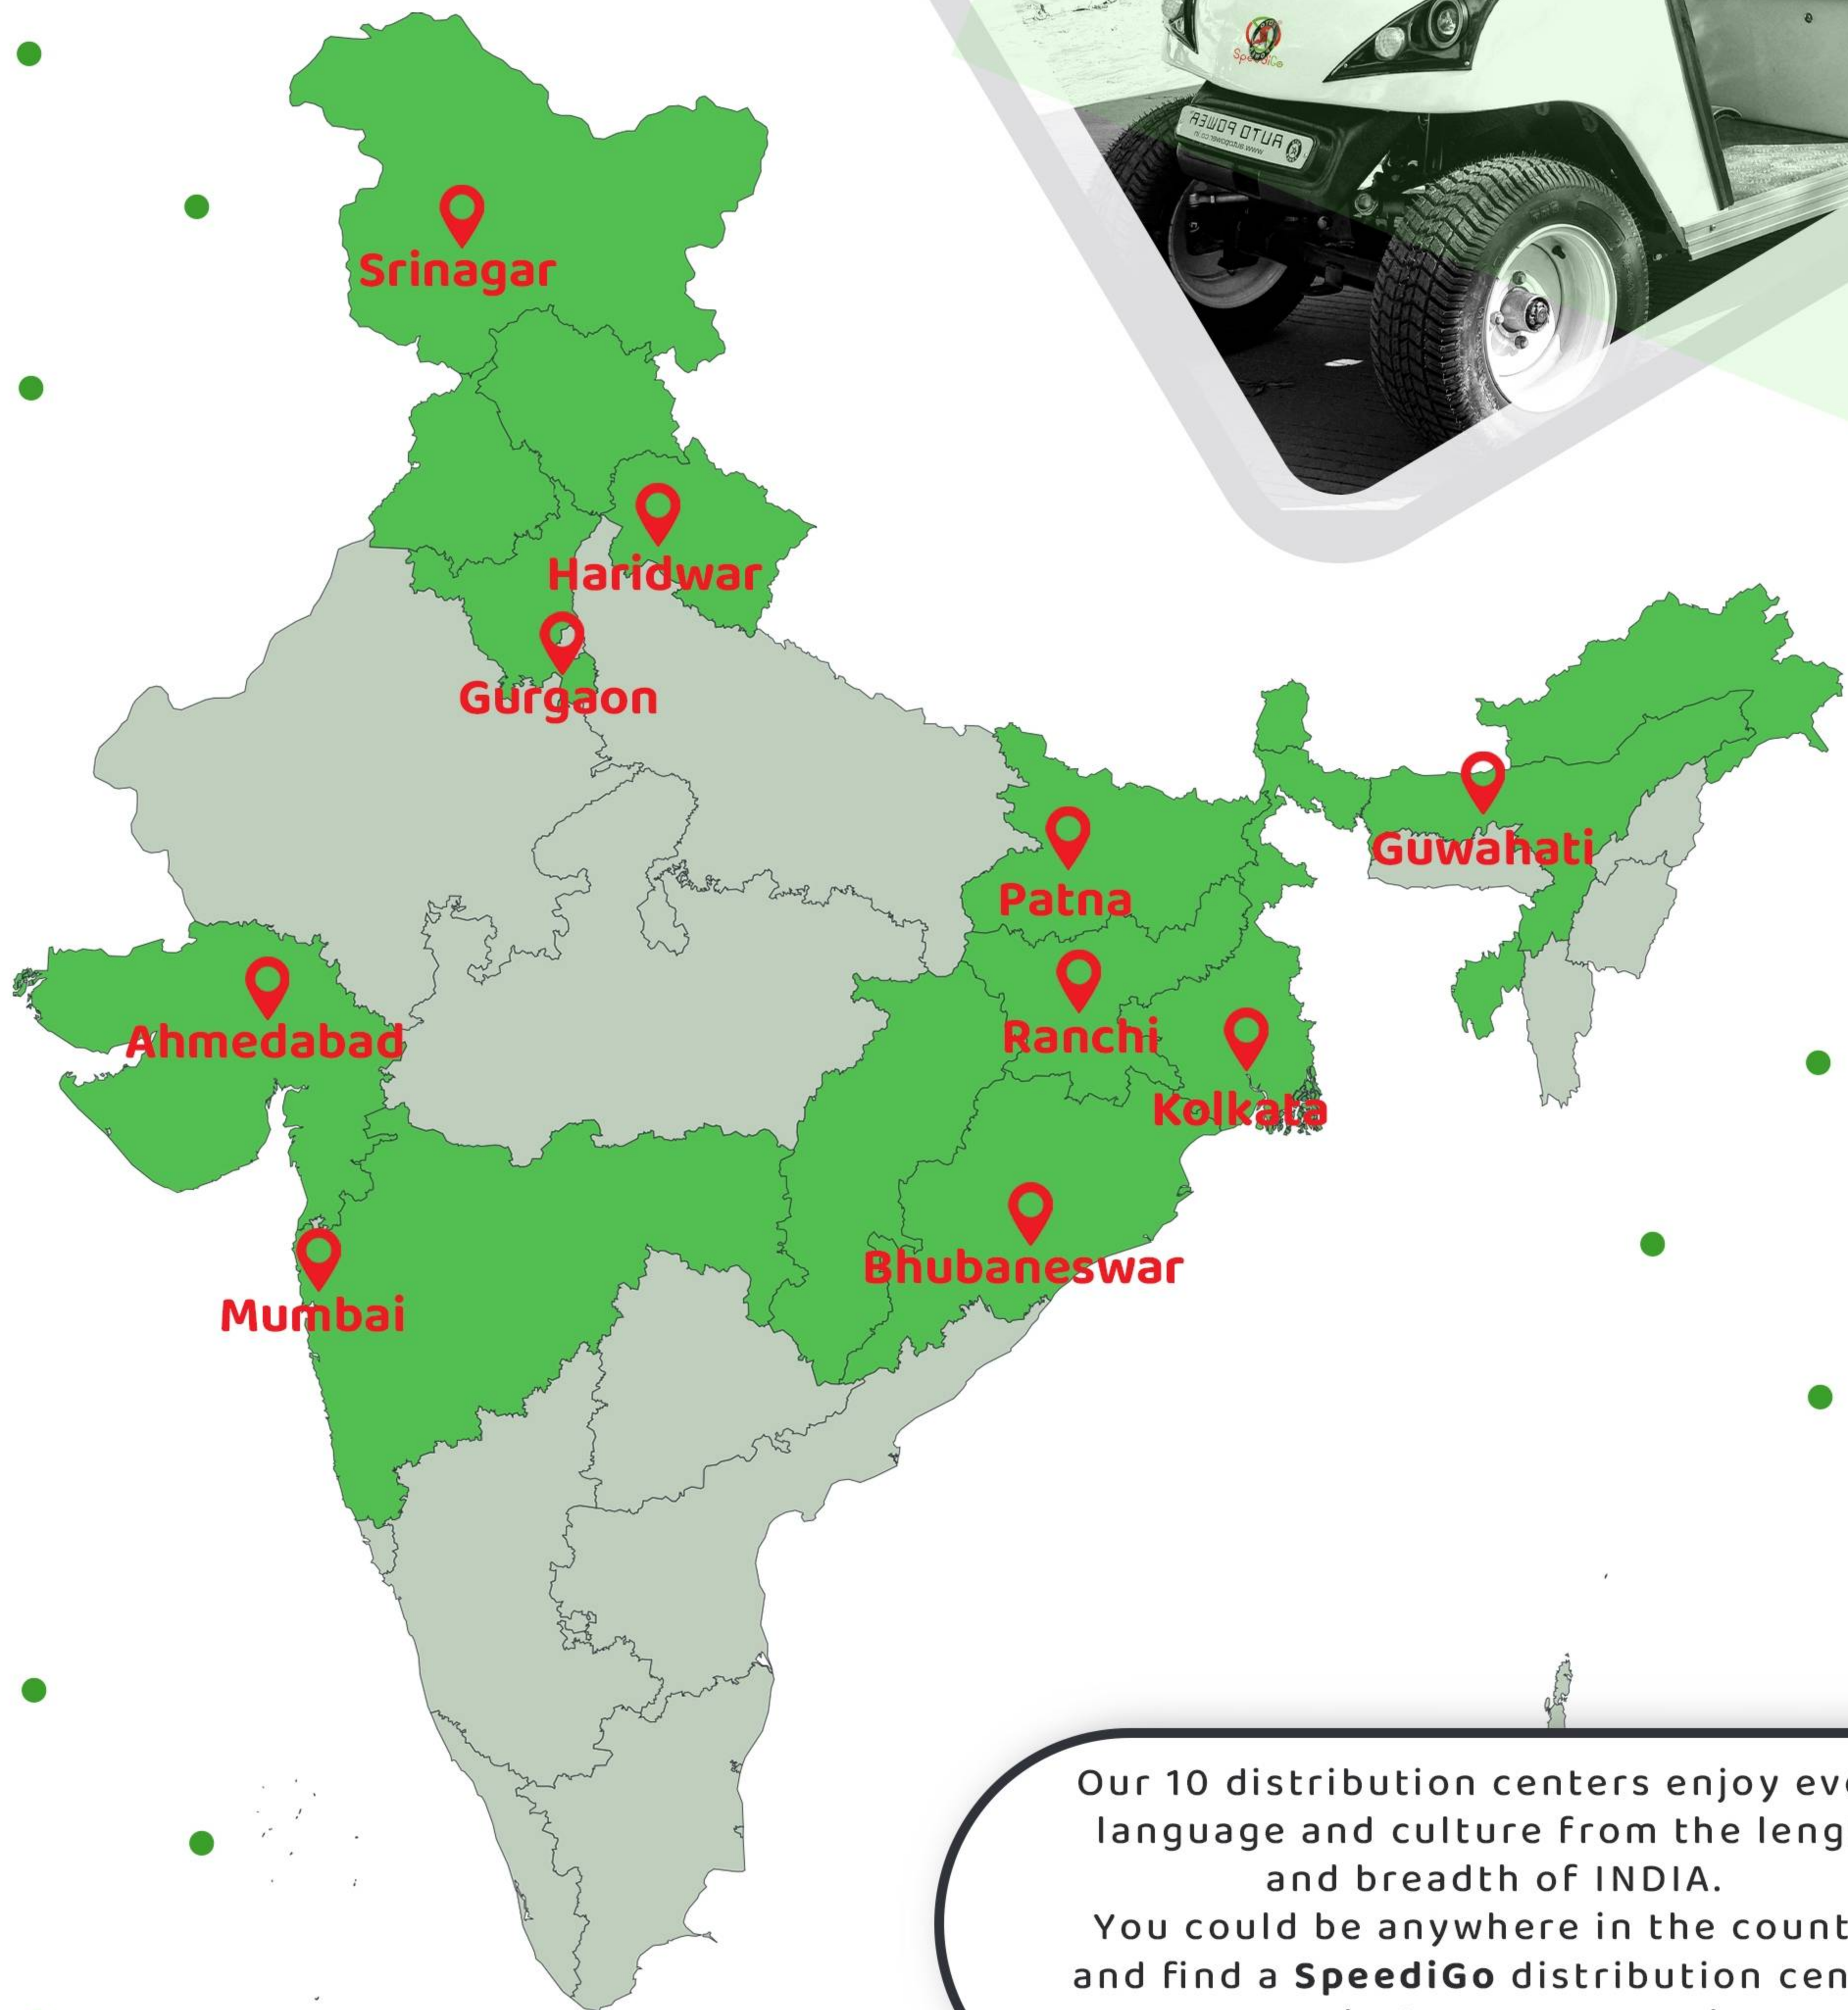

Airports

Railways

OUR Service Network In INDIA

Our 10 distribution centers enjoy every language and culture from the length and breadth of INDIA. You could be anywhere in the country and find a **SpeediGo** distribution center at your reach. So rest assured, you are never too far from us.

SpeediGo

International Network

After building an overwhelming network in INDIA, we have every reason to spread our wings and reach beyond boundaries.

With existing six distribution centers & more to come across the globe, you will soon see your beloved ® SpeediGo brand vehicles running on major foreign soils.
